

## After Triage **X** MORNING, from 8:00am to 9:00am on a rainy day

After triage, parents must accompany their child to their counselor. Each counselor is assigned individual rooms (you will receive the name of the counselor and the room he/she is assigned to, in your welcoming email). Your counselor will take attendance on his mobile device. We ask each parent to be patient, as only one parent at a time will be allowed in the group. Once that is done, please exit by following the correct path, (signs will be placed to help you). Follow the paws of this plan and the signs in the college to enter and exit.
